Product Specifications

Construction
- Extruded aluminum frame with miter corners at 2" nominal height
- Die formed metal L-brackets and fasteners secure kit together
- Multiple sizes available to fit recessed or linear panels
- Designed to fit most lay-in ceiling grids including Metalux drywall frame kits (ordered separately)
- Accessory kit ships in one compact unit and requires field assembly

Size
- Available frame sizes in 2' x 2', 2' x 4', and 1' x 4' kits for recessed panels
- Available 6" x 2ft, 4ft or 8ft kits for linear panels
- Consult factory for availability and fit with other troffer families

Mounting
- Includes all needed hardware to secure fixture to kit and to the T-Grid. Refer to the installation instructions for more details
- Designed for use in retrofit, remodel or new construction applications
- Available as a pre-installed option on several panel fixtures. See fixture ordering logic found on CGT, CGTS, FP, FPS and RBG spec sheets

Finish
- Standard white polyester powder coat finish painted after fabrication

Compliance and Certifications
- Field install regress mount kits are UL compliant accessories
- Can be used in damp locations. See fixture for primary compliance rating.
- Regress kit does not alter design or construction of luminaire

Product Warranty
- Accessory kit has a 1-year limited warranty
