Superior illumination. Low maintenance. Built to last.

The Caretaker™ LED area luminaire combines high performance, low maintenance and easy installation in a simple, extremely economic package that has been designed for years of worry-free operation.

The Caretaker luminaire is ideal for pole or wall mounted security lighting, residential street lighting, perimeter area lighting, parking areas, loading platforms, boat docks, access drives or pathways.

Features and benefits
• Single heavy-duty die-cast housing for durability and low maintenance in security lighting applications
• Universal wall and wood pole mount bracket for ease of installation and numerous applications
• Integral slipfitter for mounting to pipe arm for versatility in mounting configuration
• High performance LED delivers up to 9,700 lumens and replaces up to 250W HID equivalents
• Precision molded optic designed to shape the distribution allowing maximum efficiency and application coverage
• Integrated light shield for full cutoff compliance to eliminate light pollution
• 3-PIN NEMA twist-lock photocontrol (included) provides automatic dusk-to-dawn operation for maximum energy savings
• 6kV integral surge protection device protects drivers and LED components
