

Contemporary by day. Brilliant at night.

Invue is pleased to announce the launch of the LuxeScape Collection. The LuxeScape luminaires present a contemporary, architectural dayform providing superior illumination, designed to enhance urban spaces with beautiful visual appearances and integrated control solutions. The patented WaveStream™ LED optics provides uniform illumination, while managing glare with high levels of visibility. Available in Type II, III, IV and V distributions with lumen packages ranging from 1,923 to 11,420 lumens. LuxeScape's contemporary, design is visually stunning during the day and becomes a design element that invites admiration at night.

Paring the LuxeScape's contemporary design architecture with the unique sleek taper and base design of Invue's (ARP) aluminum round decorative pole offering, creates an eloquent transition enhancing pedestrian experiences. The tenon mount only pole comes standard with an access door feature integrated into the base.

A city is defined by its pedestrian experience. The LuxeScape Collection is sure to define your city by creating an exuberating pedestrian experience.
